

Ocean Winds

Let's cOWrite the future together!

We are generating the future of Offshore Wind Energy

Born out of a strategic alliance between EDP Renewables and ENGIE, Ocean Winds is taking offshore wind power generation to its full potential, **leading the global energy transition into a greener future.**

— OW in **Numbers**

OW has a strategic advantage and is well-positioned to play a leading role in the offshore market.

OW has a clear investment framework and support very ambitious growth targets (Gross GWs).

Construction + Operation

Development

We are a pure offshore wind player

Our Work

Develop

We develop offshore wind farms to accelerate the energy transition, generating clean energy all over the world. We work hand and hand with all our stakeholders for our projects to benefit the local communities and create local opportunities.

Build

We build the infrastructures to make the most of the clean and endless energy that wind offers, both bottom-fixed and floating offshore wind farms.

Finance

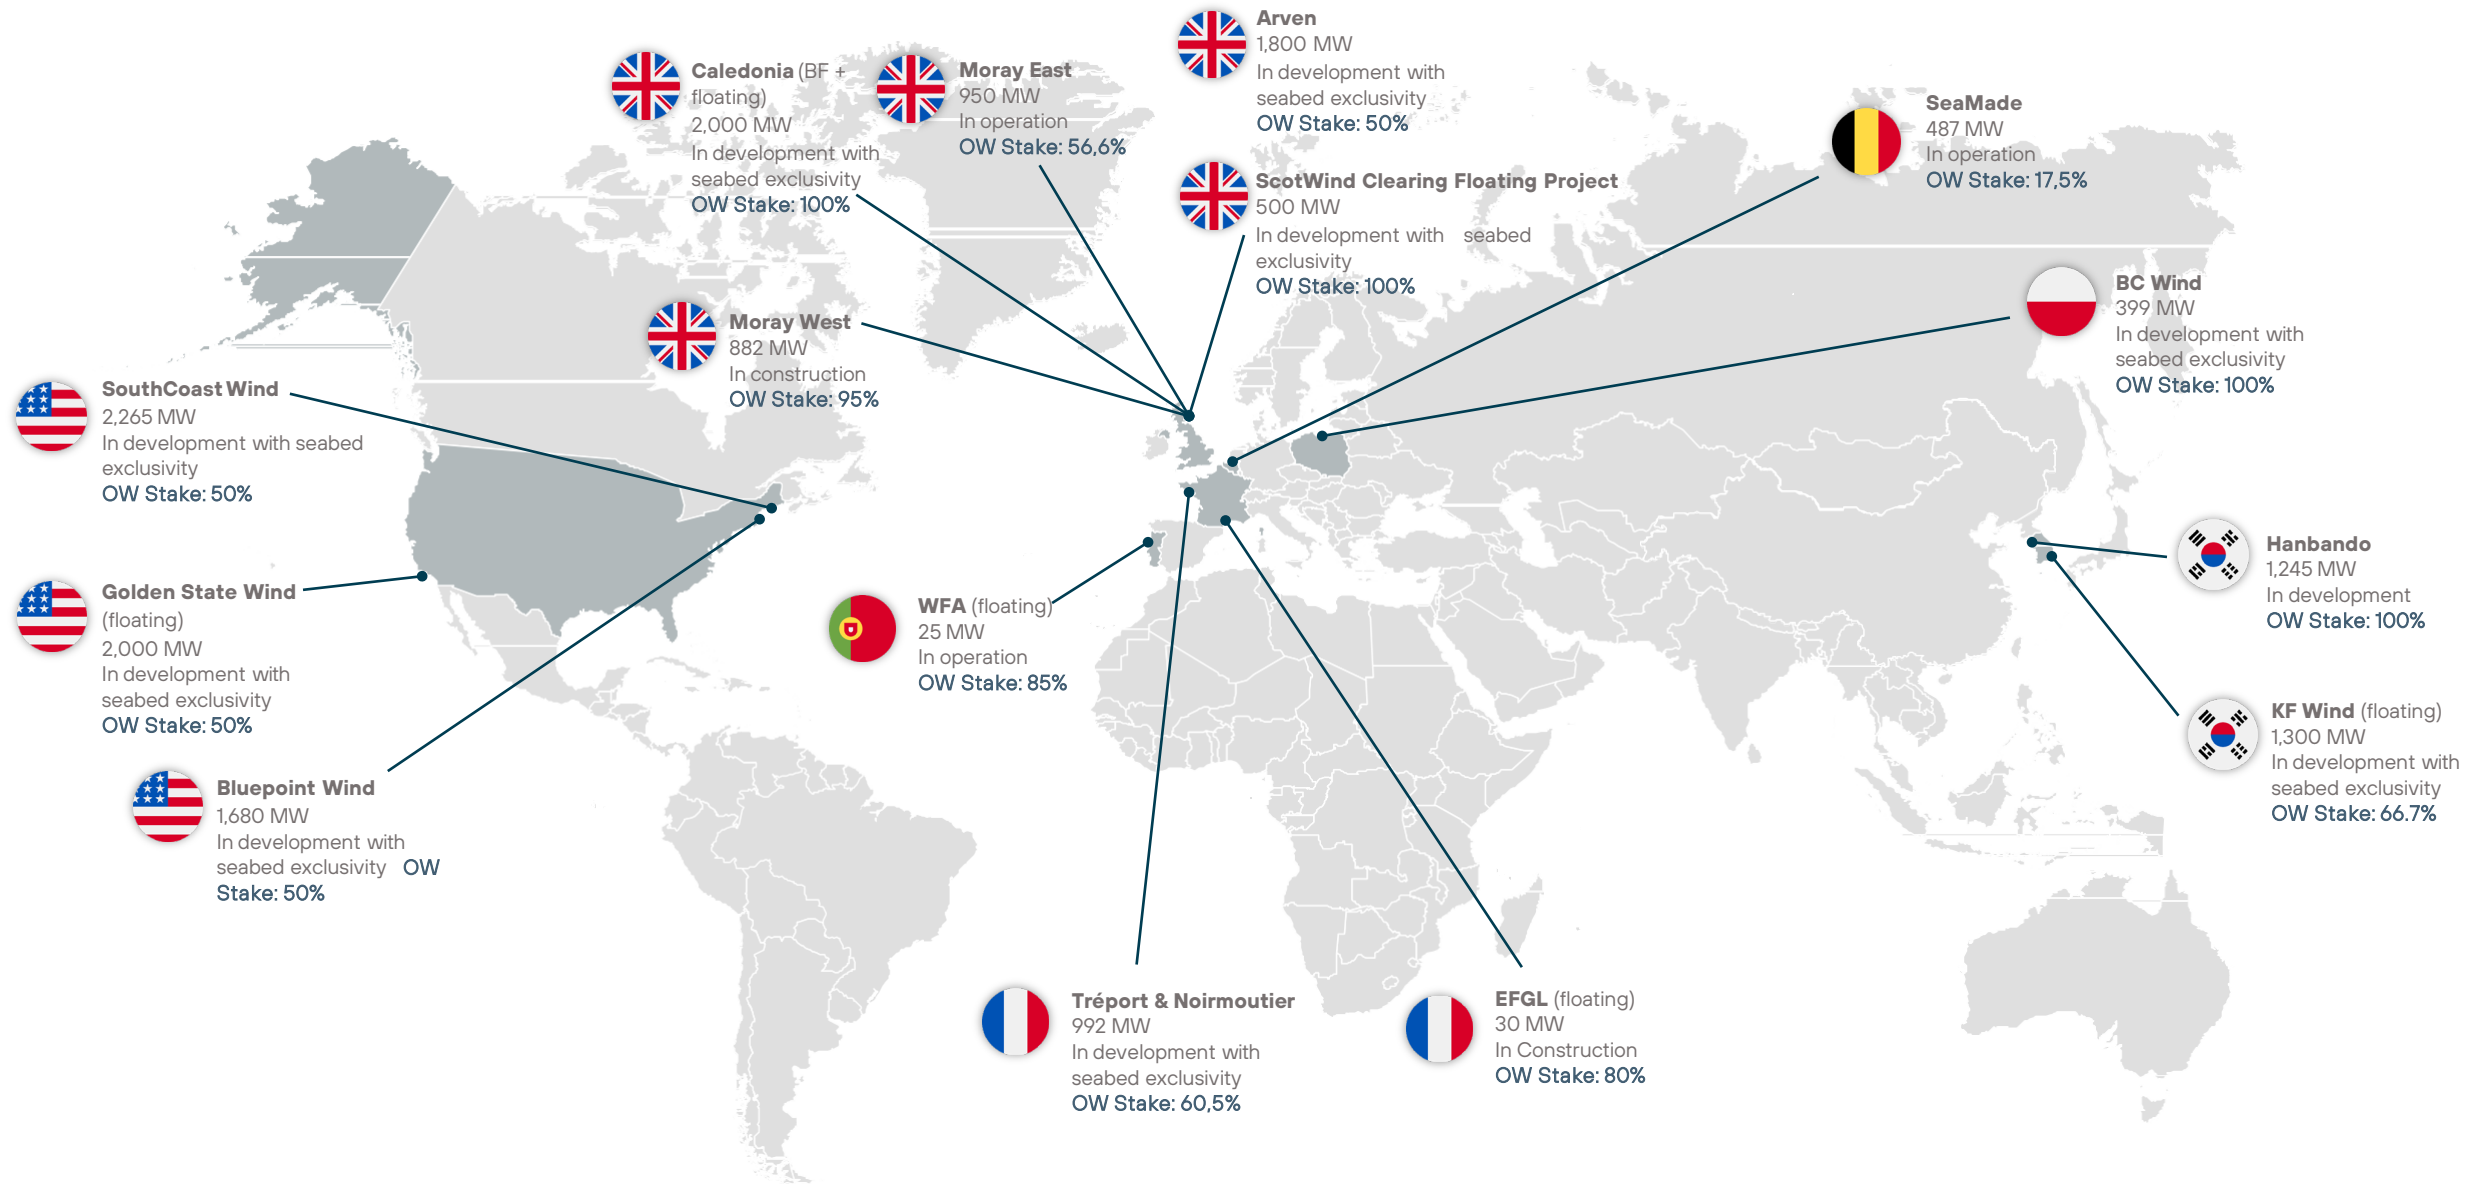

We finance and invest to support countries to achieve their net zero ambitions.

Operate

We operate projects driven by innovation, always striving to unlock new potential and tackle the challenges we face. We are a long-term partner, involved in the local economy and thriving on maximizing positive impacts.

Our portfolio consists of 16.6 GW (gross) with 15 projects
